REPORT RE ASSESSING TERRI SCOTT'S
NEEDS FOR MEDICAL TREATMENT

12 TERRI SCOTT, et al.,

13 Defendants.
14 _____/

15 I had a substantial conversation by phone this morning with Dr. Orr about Terri Scott's
16 medical situation. During our conversation, Dr. Orr had Ms. Scott's medical file on his desk and
17 reviewed pertinent parts of it with me. He noted that she was last seen by a physician about
18 February 9, 2007, and that she had been scheduled to be seen by an optometrist about a week and
19 a half ago, but the optometrist had not come to the facility that day.

20 Dr. Orr promised that a physician would see Ms. Scott tomorrow (March 28, 2007) and
21 give her a thorough general medical exam to determine what further diagnostic or therapeutic
22 steps (if any) are medically indicated. Dr. Orr will fax to my chamber tomorrow afternoon the
23 report by the examining physician.

24 Dr. Orr also promised that an optometrist will give Ms. Scott a thorough eye examination
25 on Friday, March 30, 2007. Dr. Orr informed the court that the optometrist is capable of
26 identifying any symptoms that require immediate attention from an ophthalmologist and of
27 screening for any other problems that a physician would need to assess and treat. The screening
28

1 by the optometrist on the 30th will enable the medical staff at Santa Rita to expedite Ms. Scott's
2 access to an opthamologist should referral to an opthamologist be indicated.
